

REMARKS

In the outstanding Office Action, claims 35-80 and 82-101 were presented for examination. Independent claims 88-91 were rejected under 35 USC §101 for failing to describe a concrete, useful and tangible output.

The Office Action has been most carefully studied. In this amendment applicant has canceled claims 88-91 *without prejudice*.

For the record, Applicant believes the canceled claims either meet the statutory requirements for patentable subject matter or may require only minor amendment to meet the requirements. Applicant accordingly reserves the right to pursue their subject matter in a continuation application. As a result of this amendment, Claims 35-80, 82-87 and 92-101 are now pending. There being no outstanding rejections, claims 35-80, 82-87 and 92-101 are believed clearly in condition for allowance.

In view of the above amendments and the discussion relating thereto, it is respectfully submitted that the instant application, as amended, is in condition for allowance. Such action is most earnestly solicited. If for any reason the Examiner feels that consultation with Applicant's representative would be helpful in the advancement of the prosecution, he is invited to call the telephone number below for an interview.

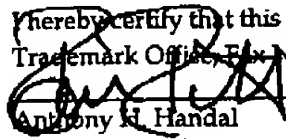

Respectfully submitted,
